SUMMARY

Detail-oriented Data Analyst with a B.Tech in AI & Data Science and Google certification, skilled in java, Python, ML, and data-driven solutions. give me perfect summary for my resume

SKILLS

Technical Skills:

- Programming: Java, Python, SQL, HTML, CSS, JavaScript
- AI/ML: Machine Learning, Data Analytics,
- Tools: Pandas, NumPy, Matplotlib, power BI
- Data Structure and Algorithms

Soft Skills:

- Teamwork & Collaboration
- Leadership & Mentoring
- Time Management
- Problem Solving & Critical Thinking
- Quick Learning

EDUCATION

Shah And Anchor Kutcchi Engineering College

Mumbai, India

B.Tech in Artificial Intelligence & Data Science (2022 – 2026)

- CGPA: 7.91

12th Board (Bihar School Examination Board, Patna) (2022)

- Percentage: 70.6%

PROJECTS

Stock Price Prediction (2023)

- Developed a time-series forecasting model using Python, Pandas, and Scikit-learn to predict future stock prices based on historical data.
- Applied algorithms like Linear Regression, Random Forest, and LSTM for performance comparison.
- Achieved ~85% accuracy in short-term predictions and visualized results using Matplotlib.
- Built a simple Streamlit dashboard for interactive stock trend visualization.

Employee Performance Analysis (2024)

- Predicted employee performance using machine learning on HR data
- Python, scikit-learn, pandas, Label Encoding, Grid Search CV.
- Achieved accurate predictions, improved HR insights, built a reusable ML pipeline.

Text-to-2D Image Generation (2025)

- Implemented a deep learning model to convert text descriptions into 2D images.
- Used Generative Adversarial Networks (GANs) and Stable Diffusion techniques for realistic image generation.
- Integrated the model into a web application with a simple user interface.
- Optimized processing time and improved image quality using fine-tuning methods.

ADDITIONAL INFORMATION

- **Certifications** - Infosys Foundation Finishing School – Data Analytics, Spoken Tutorial Project, IIT Bombay(Python , Java , C) ([GitHub](#))
- Virtual Internship in AI & ML (2024)
- Volunteering in Collage Vega Hackathon (2023)
